

# TAUNIA OURSO

Owner/Agent,  
Ourso Insurance

**OURSO INSURANCE COMPANY** is a full-service healthcare broker Agency offering Group, Individual, and Medicare Insurance plans. Taunia started her Agency in 2019 after stepping away from her Corporate Job working under Humana, specializing in their Medicare sales division from 2009-2019. Taunia learned quickly she found her love for the elderly and disabled.

“It has been the most rewarding career to be able to guide and help individuals through what can be a very confusing yet important decision in regard to their personal health needs.”

Taunia decided while struggling with her own personal health issues she wanted to be able to offer multiple carriers to fit the individuals needs. That is what made her start her own Agency. She is looking to continue to grow and has added 6 new agents this year, while creating strategic partnerships with like minded other financial advisors & Insurance agencies to ensure quality Professionals in the industry.
